

1st Amendment

to the terms of use of the publicly accessible port of Hafen-Entwicklungsgesellschaft Rostock mbH and the passenger terminal in Warnemünde/Neuer Strom

as published January 2010

Because of the new waste management plan of Hafen-Entwicklungsgesellschaft Rostock mbH, effective since the 3rd May 2010, the following changes to the correction factors for the calculation of waste disposal fees for vessels are applicable:

	Type of ship	RT	correction factor
A	Tanker	> 40.000	0,3
		2000 – 39.999	0,4
		< 2000	0,6
B	Passenger ships		0,9
C	Combined-Passenger-cargo ferries, Ro/Ro-cargo vessels, cargo ferries, Car-carriers	> = 20.000	1,0
		< 20.000	0,8
D	General cargo ships as well as all other ships with own propulsion not individually listed under point A, B, C or E		0,9
E	Bulk carriers	> 40.000	0,5
		20.000 – 39.999	0,6
		– 19.999	1,1

The calculation of the waste disposal fees for vessels occurs as a function of type of ship according to the „Classification Certificate“ and the size of ship measured by RT.

The preceding changes are applicable until their nullification.

Rostock, May 2010

HAFEN-ENTWICKLUNGSGESELLSCHAFT ROSTOCK mbH
