

# HANSA DESTINATIONS – new ferry service between Nynäshamn and Rostock

Rederi AB Gotland's new Hansa Destinations ferry service starts at the end of August and will transport cargo and passengers between Nynäshamn in Sweden and Rostock in Germany. Selected sailings will also call at Visby on the island of Gotland. The new service will offer more than 75,000 trucks to switch from land to sea annually, thereby reducing transport emissions by at least 20 percent.

## TIMETABLE

Initially, the service will be operated with one vessel, M/S Drotten. An increase in services is planned with a second vessel, enabling daily departures in both directions. The route will take 18 hours, and departures will be scheduled at 19:00, with arrivals the following day at 13:00/13:30. The first sailing is planned for 30 August 2021. Below is the timetable for the period 29 August – 11 December 2021.
